

## TABLE OF CONTENTS

1. Is Granulation More an Art Than a Science Pierre Guigon.....	1
2. Agglomeration: The Neglected Unit Operation of Process Technology Wolfgang Pietsch.....	9
3. The IBA Perspective -- Update 2001 W. H. Engelleitner.....	19
4. Compaction Process in the Roller Press -- Theory and Practice Roman T. Dec.....	29
5. A Survey of Current Industrial Practices and Preferences of Roller Compaction Technology and Excipients Year 2000 Ronald W. Miller.....	41
6. Correlation Between the Geometry of Feeding System and the Stress Distribution Distribution Applied on the Compact Pierre Guigon and O. Simon.....	59
7. The Development of Agglomerated Elemental Sulphur Fertilizers Carolyn Sturgess.....	73
8. Production of a Fortified Organic Fertilizer Vernon B. Meacham and J. Brent Cummings.....	87
9. Compaction-Granulation of Fertilizers Frederic Dehont.....	95
10. The EncapLayer™ Process: A Unique Method of Agglomeration Bryan Fish and Michael Krysiak.....	109
11. Best Practices for Drying Agglomerated Products Hal Ekberg.....	119
12. A Review of Binders for Briquetting and Pelletizing Thomas R. Marrero.....	133
13. A Comparison of Liquid Binders for Limestone Pelletizing Jim Veverka and Robert Hinkle.....	141

14. Surface Agglomeration as a Means of Suppressing Dust Martin Neale.....	153
15. The Preparation of Steelmill By-Products for Briquetting Paul Language.....	165
16. Fluid Bed Granulation: A Survey Hans Uhlemann, Stefan Heinrich, Mirko Peglow, and Lothar Morl.....	177
IBA Officers, Executive Board.....	189
IBA Past Officers.....	190
Neal Rice Awards.....	191
Meet The Institute for Briquetting and Agglomeration.....	192
Preferred Typing Format for IBA Papers.....	195
IBA Membership Roster.....	199
Advertising Index.....	203
